Accommodation/Pitch Hire

Equipment including cones, disc cones, balls and bibs (£60.00 per group for entire booking)

Master Class - £190.00 per team per class - 90 minutes

Master classes with the top coaches at the complex are also an option for teams. The aim of these classes is for teams to experience a training session with specialised coaches licensed by UEFA and teachers of the Catalan Football federation.

They offers teams, players and visiting coaches the opportunity to familiarise themselves with Spanish football philosophy which is producing such excellent results.

The training given will be adapted to suit the needs of each club, age, category, etc, specifically concentrating on those areas required by that club's trainer. Before, during and after the Master class, visiting trainers may be in direct contact with the professional leading the class and actively participate in the work in hand.

At the end of each master class, the visiting trainer will receive a detailed report of all the work undertaken.

Friendly Matches - From £120.00 per team per match

We will organise friendly matches with local teams from within Catalonia and from the rest of Spain that match your ability level.

We will also ensure that all matches are refereed by members of the Catalonian Football Federation (F.C.F). Referee costs are **not** included as these vary according to the age and level of the team.
